

SRI KRISHNA DUTT ACADEMY

Recognized by NCTE & Affiliated to University of Lucknow

2D/HS-1, Vrindavan Yojna, Raibareilly Road, Lucknow, Ph. : 24421903, 7060111949

Policy Document on Environment and Energy Usage

Overview:

The Sri Krishna Dutt Academy is dedicated to maintain, and wherever possible, improve the quality of its environment. It's for both, the people who live and work in the college and for wider community.

Philosophy:

The college remains committed to high standards of environmental protection and leadership as reflected in a range of its activities including teaching, research and community services.

Objectives:

Environment policy of Sri Krishna Dutt Academy seeks to make the most adequate and efficient use of all college resource, to conduct all academic and extracurricular activities as well as services within the campus and is designated areas outside the campus, so as to minimize any adverse impact and to comply with relevant legislations. Sri Krishna Dutt Academy regularly undertakes Quality audits on environment and energy. The institutional confirms its commitment to environment and energy initiatives through the following practices:

1. Green audit / Environment audit
2. Energy audit
3. Clean and green campus initiatives
4. Beyond the campus environmental promotion activities

1. Green Audit/Environment Audit

The college conducts Green/Environment Audits annually to assess our strengths and weaknesses to further our goals of long-term sustainability. A green audit is a useful tool to determine how and where most energy or water or resources are being used. The college can then consider how to implement changes and make savings. It can determine the type and volume of waste. Recycling

projects or waste minimization plans can be adopted. It will create h~~h~~consciousness and promote environmental values and ethics. It provides a better understanding of the impact of eco-friendly practices on campus. Green auditing will promote financial savings through the reduction of resource use. It is imperative that the college evaluates its own contributions toward a sustainable future. The internal audits are conducted by the faculty members of the Eco Club of the college. The college also invites an ISO-certified external auditing agency to conduct our annual Green/Environment audits.

2. Energy Audit

Recognizing the importance of assessing our energy usage, an Energy Audit is to be conducted annually. The importance of reducing energy consumption cannot be undermined. The college is committed to further reduce its carbon footprint. The energy audit, with its specialized tools, will identify wastage of energy. Such an inspection may reveal flaws which causes a loss of significant amounts of energy. These flaws often have easy and affordable solutions and provide significant savings. The college invites an ISO-certified external agency to conduct the energy audit. The college takes into cognizance the comments and implements the recommendations of the auditing agency to reduce energy consumption.

3. Clean and Green Campus initiatives

Awareness

The college takes initiatives to generate mass awareness of cleanliness and hygiene among the students and staff members by holding regular cleanliness drives. The college displays environmental policies on campus. The college organizes various events in collaboration with NGOs to ensure a clean and eco-friendly environment on campus.

Environment-Centric Student Societies/Clubs and Departmental Activities

The college has an Eco Club that organizes numerous events to spread awareness about the environment. It is the responsibility of Eco Club to sensitize students about environmental issues and ensures students' participation in various activities and outreach programs. Eco Club plays an instrumental role in conducting Audits, participating in the programs organized by the college.

Moving towards Plastic Free Campus

The College has been observing most of its duties in terms of solid waste management since its inception. In view of the Government of India's resolution to ban all single use plastics due to the hazardous impact of plastic use and pollution, the college administration strictly bans the use of single use plastics in its premise to make it "Plastic Free Campus".

4. Beyond Campus Environmental Promotion Activities

The Eco club organize numerous events to spread awareness among the surrounding community about the Environment. They conduct tree plantation drives in various parts of the city. The Eco club of the college also sensitizes students about environmental issues and ensures students' participation in various activities and outreach programs. The college aligns with the global vision of Enactus to create a better and a more sustainable world.

The college recognizes its responsibility towards protecting and conserving environment. It works in this direction by taking necessary infrastructural initiatives as well as spreading awareness and increasing environment-consciousness among people not only on campus but also beyond.
