## WELCOME TO OUR COLLEGE

The college has always been conscious of its role as a constructive and responsible part of the society. Utmost attention is given to the overall development of students through Co-Curricular and Extra-Curricular activities. In spite of phenomenally large number of students, the standard of discipline is well maintained. The student-teacher relation remains absolutely cordial. The college also provides professional / personal counselling to the students. Our institution's main objective is to link academic education with job opportunities.

Overall consistent and unstinting efforts of the College are borne out by the fact that students enter the college as uncertain and bewildered but leave its portals as much more confident and focused. They are ready to lead successful lives of their own thereby enhancing the upliftment of the society.

SKD Group of Education is touching the heights with the blessings of God.
