### Legal Rights of Women in India

**Date :** 26/11/2022

**Guest:** Mr. D.D. Nariyal

Sri Krishna Dutt Academy organised a guest lecture on the topic "Legal Rights of Women in India" on the occasion of International Day of Elimination of Violence against Women on Saturday, 26th November, 2022.

The guest speaker for the event was Mr. D.D. Nariyal and after being introduced to all present and felicitated by the Principal Mr. D D. Nariyal began his lecture.

He spoke about how women need to be aware of their fundamental rights and asked students to list examples of violence against women. He pointed out how society still tends to perceive women as inferior, even though fundamental rights are enjoyed by all citizens equally, regardless of gender.

He discussed how pain is self-chosen and how women find it difficult to stand up for themselves. He asked students to list characteristics of 'good' and 'bad' women and how these labels have been decided by society and how no law exists that supports these sexist and stereotypical beliefs.

He deliberated on the details of the provisions listed in the Domestic Violence Act, 2005 and the Protection of Children against Sexual Offences Act, 2012. He elaborated on the four types of violence (physical, emotional, economic and sexual) and gave real-life examples of various cases of violence against women and girls.

Mr. Nariyal also introduced new terms like sexual harassment, disrobing, voyeurism and stalking (these acts had previously not been officially recognized) He emphasized on how cognizable offences need a FIR to be filed, before the police can get involved.

He then proceeded to deliberate on the five relief measures provided to victims of domestic violence: protection order, residence order, monetary relief, custody of children and compensation. He urged students to contact helplines and reach out to those in positions of authority who can help, instead of staying silent.

The talk concluded with a Question & Answer session where Mr. Nariyal addressed several concerns of the students.

## Report

### International Women's Day celebration at Sri Krishna Dutt Academy

**Date: 06-03-2023**

On March 6, 2023, Sri Krishna Dutt Academy celebrated International Women's Day with a series of events aimed at honoring the achievements of women and discussing key issues affecting their lives today. College organized a group discussion on "**Safety of women and girls in India**" In which B.Sc., B. Com and B.Ed. students participated enthusiastically.

Students highlighted many important points in this group discussion.

Women and girl's safety in India is widely discussed everywhere now days. It has now become a major issue. Women's and girls' neither safe outside nor of home. There are laws but there should be proper safety measures which we have to follow strictly to protect the women from violence.

Women's safety in this country is a major concern and therefore should be talked about as much as possible. She is strong, she is worshiped in this country. She is a mother, she is a sister, a grandmother, a wife. She plays many roles and yet. She is not safe. She lives in terror and fear. She is scared to go from her house to a shop nearby at night.

Some of the crimes against women are rape, honor killing, child abuse, dowry death, acid attack, female feticide, trafficking, child marriage and more.

At the end of discussion, we got one can take preventive measure to ensure women safety. Women must be taught self-defense techniques. Laws must be made more stringent relating to crimes against women's and girls. Men should be taught from an early age to respect women and treat them as equals.

The day women's and girls in India will feel safe to do the most basic things like going, to nearby shops without the fear of anything is when we will fously succeed as a country. But right now, we still have a long way to go as a nation.
